Hello David,

There is a media call tentatively planned for tomorrow afternoon. I've cc'd Lisa McClain-Vanderpool who is our media officer and will be coordinating the call.

We have not yet set up an official command post but hope to tomorrow. Sincerely, Libby

Hello Libby,

I am a freelance writer for the Los Angeles Times heading to Durango tomorrow to cover the Animas River contamination.

Can you tell me if there is a briefing scheduled for tomorrow? Also, is there an EPA contact person on the ground that I could speak with when I get there for updates? I heard there was a command post but I'm not sure if that's the case.

Any information you could share would be great.

Thanks very much

David Kelly
